

Array.java

```
1 package StringArray;
2 import java.io.*;
3
4 public class Array {
5
6     public static void main(String args[]) throws IOException
7     {
8         String st[] = new String[7];
9         BufferedReader br = new BufferedReader(new InputStreamReader(System.in));
10
11         System.out.println("Please, insert string elements: ");
12         for(int x=0; x<7; x++)
13         {
14             st[x] = br.readLine();
15         }
16         System.out.println("The result of the string values are: ");
17         {
18             for(int x=0; x<7; x++)
19             {
20                 System.out.print(" " + st[x]);
21             }
22         }
23     }
24
25 }
26
```
