```java
1 package Print;
2
3 import java.io.PrintWriter;
4
5 public class Writer {
6
7     public static void main(String args[])
8     {
9         PrintWriter pw = new PrintWriter(System.out,true);
10         String st = "project 2";
11         pw.println("This is " + st);
12     }
13
14 }
15
```
